

Salt Lake Region Hospital Value Scores- Data as of March 2026

This hospital value score accounts for quality of care, safety, and cost. It has been recently updated to account for the latest scores. This information is posted with the other transparency data on www.tigbenefits.com as well.

We anticipate that this information will help plan participants get the most for their benefit dollar.

Please do not hesitate to contact the Turner Benefits Help Line at (225) 214-2566 or benefits@turner-industries.com with any questions.

Hospital	Leapfrog Safety Grade	RAND Hospital Cost Grade	Medicare Star Rating	Hospital Value Score
Intermountain Med Ctr	15	28	45	88
Intermountain McKay Dee	15	28	45	88
University of Utah Health	0	32	45	77
Lone Peak Hospital	11.25	12	45	68.25
Holy Cross Hospital	15	28	18	61
				Possible Score: 100

Utilizing value hospitals will keep your out-of-pocket costs and weekly premiums down while ensuring that you receive the best care available.

Value scores are weighed utilizing the following assumptions:

QUALITY	Medicare Star Rating	45%
SAFETY	Leapfrog Safety Grade	15%
COST	RAND Cost Grade	40%
